

BORA9 (VS990)

Grain type	Ceramic
Backing	Fiber (0.80mm)
Color	Purple
Coating	Close Coat
Bonding	Resin over resin
Jumbo roll width	1350mm

Applications

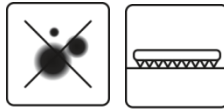

Heavy Metal

Alloyed Steel

Welding

And Carbon Steel

Features

Anti-Burning

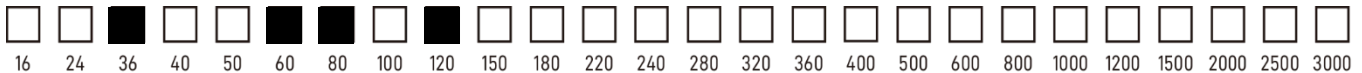

Close Coat

Product form

Fiber Disc

Grit Sizes

 : Available on demand only (Not regularly produced)

Benefits

- **Supersized coating with active filler prevents burning**
- High Grinding Performance
- Good for welding works
- Deburring forged metal
- Edge Grinding and Surface sanding
- **High Temperature Material / Carbon Steel / Forging Steel / Ferrous Metal**
