### Don't forget to include your safety accessories!

As your safety is important to us, we will return your repaired machine to you fully equipped so that it once again meets the applicable safety requirements.

### Repair costs **NEW**

If the repair costs are up to 50% of the gross replacement value, your machine will be repaired automatically. You will receive an order confirmation. Please see our webshop for current prices. If the costs exceed 50% of the new value, you will receive a quote in advance.

If you choose to have the machine returned unrepaired, we will charge €25 (excl. VAT) for inspection costs and the shipping costs. The inspection costs are waived if you purchase a new machine.
